

We welcome YOU to IntellecTechs!

Thank you for selecting IntellecTechs as your new identity and design partner.

The questions below will help us gather information about you, your organization, or your company. Please fill in this questionnaire completely, skipping any sections that are not relevant.

These questions are required for the logo process to begin. Please note that the more information you give and the more detailed you are, the better equipped IntellecTechs will be for your project.

Thank you,
The Design Team

Who are you? One of the first things we have to do to help you, is learn as much as we can about your organization & the service it provides.

Phone Number _____

Target Clients

Start putting together all of your ideas for your logo. The look & feel of your identity should be an extension of your business & employee's personalities. The more info you can provide us, the better we can create your look!

Ideas

What do you like? Are there examples of your preference? Add links to sites, ads, images, commercials, or whatever you find that you like.

Colors

You may like a simple red or blue, or have a specific Pantone color you use.

Images

Is there an image that we can incorporate into your logo? If so, include the file or add the link below.

Keywords

Slogans, catch phrases, or keywords can be included in your logo. List words that may help describe what you think may help describe your logos personality.

Logo

If you have used a previous logo, attach the file, or include a link below.
